THE TRANSFORMATIVE POWER OF OIL PALM

CONFERENCE:

Recent developments, challenges and strategies for the reduction of 3-MCPD esters, glycidol esters, MOSH-MOAH and related compounds in the palm oil industry.

DR. AZMIL HAIZAM AHMAD TARMIZI

Head of Analytical and Quality Development Unit of the Malaysian Palm Oil Board (MPOB).

SESSION 3

QUALITY,
USES OF THE OIL.

SEPT 29 | 2022

He earned his Doctorate's Degree in Food and Nutritional Sciences from the University of Reading. Dr. Azmil's research interests are related to the frying process, and food quality and safety in palm oil. Dr. Azmil has published more than 40 peer-reviewed journals and technical publications. He is also a member of the Technical Working Group on 3-MCPDE and GE under the Council of Palm Oil Producing Countries (CPOPC), and Technical Sub-Committees for the National Food Safety System (TC/U/19), National Edible Oil and Fats (TC/U/29) and Palm Based Oils and Fats (TC/X/3).
