THE TRANSFORMATIVE POWER OF OIL PALM

CONFERENCE:

Palmiculture and climate change

DENIS J. MURPHY

Emeritus Professor of Plant Biotechnology,
University of South Wales.

Fellow of the Royal Society of Biology.

Crop Biotechnology Advisor, United Nations Food
and Agriculture Organization.

Chair, Biology Advisory Committee,
Malaysian Palm Oil Board.

Founder and Chief Executive Officer of Oleatech Ltd,
a successful UKbased life sciences SME.

SESSION THREE

CULTIVAR PRODUCTION AND
BIOTECHNOLOGY.

9:00 A.M.

SEPT 29 | 2022

Denis Murphy is an Emeritus Professor of Biotechnology with significant expertise in agriculture, biotechnology, and bioinformatics.

He is a member of the Genetic and Molecular Research group where his work focuses on genome analysis and data mining in crop plants with special emphasis on oil crops such as rapeseed, soybean, and palm oil. For the past few decades, Professor Denis Murphy has worked as an international advisor and consultant with government agencies and private organizations on topics such as GM crops, biofuels, and food security.

He is Chair of the Biology Advisory Committee at the Malaysian Palm Oil Board and works as Biotechnology Advisor with the United Nations Food and Agriculture Organization.

Expertise related to UN Sustainable Development Goals. In 2015.
