

Jean Pierre Caliman

Director of SMART Research Institute

He heads SMART (Sinar Mas Agro Resources and Technology) Research Institute, the research and development arm of GAR (Golden Agri Resources), which focuses on improving agricultural practices.

He holds a PhD in Soil Science from the University of Burgundy (France) and a DEA diploma in Agronomy (equivalent to a master's degree) from the Montpellier School of Agronomy (France), with a specialization in tree crops.

His expertise ranges from soil fertility to mineral nutrition in oil palm cultivation. His commitment to the development of ecological intensification in oil palm cultivation has been recognized by the journal Science, published by the American Association for the Advancement of Science, one of the two most important scientific journals in the world.
