## Allison J. T. Kawaoku

Graduate Research Assistant at The University of Georgia specializing in Poultry Science, focused on avian nutrition and animal health, serving the global poultry industry.

Allison J. T. Kawaoku has an outstanding career in the poultry industry. He serves as a Graduate Research Assistant at The University of Georgia's Department of Poultry Science, an internationally recognized academic and research institution committed to excellence in poultry science based in the United States. Previously, he worked for Hendrix Genetics Layers as Technical Sales Manager South America and HIPRA as Technical & Marketing Manager for Poultry Brazil.

He holds a Veterinary Medicine degree (University of São Paulo) and is currently pursuing a Master's degree in Poultry Nutrition. His work has concentrated on the poultry market analysis, particularly in avian genetics and health, contributing technical assessments, key data analysis, and disease prevention strategies through specialized reports that serve as a reference for the global industry.
